

## 2013 LESSON PLAN RESOURCE GUIDE

- [NICHCY](#) (National Dissemination Center for Children with Disabilities), providing information and resources to the nation on disabilities in children. Some pages of particular interest include:
  - [Disability Awareness](#) Resource Page.
  - [For Families.....and Communities](#) provides resources to help you help them to achieve their full potential at home and in your mutual community.
  - [Building the Legacy](#) curriculum page is intended to help all those involved with children with disabilities understand and implement the IDEA 2004, the nation's special education law.
- [Activity Packets](#) from IndianaDisabilityAwareness.org  
Includes different informational packets with specialized offerings to a variety of audiences. Feel free to download and use as many of these packets as you wish, and share copies with others.
- Visit [Sparktop](#), a website where kids with learning disabilities (or who learn differently) can create things, play games, connect with other kids, and discover new ways to succeed in school ...and life.
- **Have you ever wondered what it's like to have a disability?**  
How does a person who can't see read? Can a person with a physical disability play sports? If you couldn't hear, how would you talk with your friends? Do people with disabilities get frustrated; have friends, like ice cream? This web site can help you begin to answer your questions about disabilities. This interactive website for students includes games, movies fun facts, and articles:

- [D.A.S.H.](#) presents four unique curriculums that utilize hands-on activities designed to simulate what it is like to live with a disability. Children are encouraged to explore their feelings, think creatively, and discuss alternatives and solutions to the challenges created by a disability. Each program concludes with a guest speaker where the children are invited to ask questions and share their new perspectives:
