**RE: 26 DE Reg. 537 [Department of Insurance Proposed Long-Term Care Insurance Regulation (January 1, 2023)]**

Dear Ms. Pritchard:

The Governor's Advisory Council for Exceptional Citizens (GACEC) has reviewed the Delaware Department of Insurance re-proposal to amend Regulation 1404 on Long-Term Care Insurance. Council supports the re-proposed amendments. We would like to share one observation however. Council notes that while "daily" has been removed from line one of section 8.5.2, it remains in line five. Council suggests that "daily" be deleted in line five as well.

Thank you for this opportunity to share our support of the proposed regulations with you. Please feel free to contact Pam Weir or me should you have any questions.

Sincerely,

*Ann C Fisher*
